Lab - Agile Scrum Workflow

Here, we are going to sign up for Trello, create a new board, set up our simple agile workflow, and add the user stories from Lab 5 to our product backlog list.

Instructions:

1. Head to Trello's Website https://trello.com/
2. Click the "Sign Up" button
3. Enter the necessary details to create a new account
4. Confirm your email/account (if necessary)
5. Click the Boards button near the top of the screen
6. Click Create new board link
7. Give your board a name
8. Click Create Board

Simply add the

- Product Backlog
- Sprint Backlog
- Doing
- Done

Lists

…and you are all set to start using Kanban for your work or personal tasks!

Add the user stories from lab5 into our product backlog list
